DIRECTORS' REPORT

TO THE SHAREHOLDERS:

In submitting the Eighth Annual Report covering the operations of the Company for the fiscal year ended June 30th, 1936, your Directors are pleased to report that an improvement in the Company's position has taken place, as indicated by the Financial Statements.

The Gross Profit shown is after providing for all Operating Expenses, including Repairs and Renewals, as well as Administrative and Selling Expenses.

The amount of Depreciation added to our Reserves is considered adequate.

The value of shipments for the fiscal year shows an increase of 27% over the figures of the previous year.

The inventory amounting to \$1,023,165.76 is \$65,325.24 higher than a year ago and is taken on the usual basis of cost or replacement, whichever is lower, and is in excellent liquid condition.

Wool prices are slightly higher than they were a year ago, and present values are considered on a sound basis.

DOMINION WOOLLENS & WORSTEDS, LIMITED

---

Your various plants have been maintained in good physical condition and are actively engaged at the present time. The cost of maintenance has been charged, as usual, against operations.

Capital Replacements during the year under review amounted to \$15,392.86. A more extensive programme of Capital Replacements is being undertaken during the current year.

It will undoubtedly be of interest to you to know that your Company made direct and indirect purchases, during the period under review, of wool and semi-manufactured wool products and other necessary supplies from Great Britain, Australia, and New Zealand, to the value of \$1,290,858, and to this extent contributed to the marketing of Canada's exportable products, in addition to which, steady employment has been given to 1,600 workers.

The books and accounts of your Company have been audited and the auditors' report is submitted herewith.

Respectfully submitted,

A. O. DAWSON, *President.*
