### DOMINION WOOLLENS & WORSTEDS, LIMITED

Toronto, Ontario, March 4th, 1938.

### DIRECTORS' REPORT

TO THE SHAREHOLDERS:

The Ninth Financial Report of the Company's operations, which is herewith submitted, covers a period of eighteen months.

The change in the accounting period was reported to shareholders and bondholders in a letter dated October 15th, 1937.

The gross profit shown, for this reason, is not directly comparable to any previous report, but, as usual, it has been computed after providing for all operating expenses, including repairs and renewals, as well as administrative and selling expenses.

The net amount of bad debts for the eighteen months' period was \$1,147.18.

The amount of depreciation added to our reserve is considered adequate.

The inventory has been taken on the basis of cost or replacement, whichever is lower, and is in excellent liquid condition.

Capital replacements during the period under review amounted to \$102,048.89, following the intimation in the last Directors' Report, dated September 11th, 1936, that a more extensive program than usual was contemplated.

Your Company enjoyed an excellent volume of business during the period under review, although curtailment was experienced during the months of November and December, and interruption occurred through labour trouble at the Peterborough Mills.

The books and accounts of your Company have been audited and the auditors' report is submitted herewith.

Respectfully submitted,

A. O. Dawson, President.
